

SPECIAL CONDITIONS FOR LEANDRA'S LAW

The Defendant _____ DKT# _____ shall install and maintain an IID in any motor vehicle owned, operated or rented by the defendant for _____ month's _____ year(s). Failure to install and maintain such device(s) will subject the defendant to incarceration for violation of the Court's Order. Further, if the defendant operates a motor vehicle without the court-ordered IID, he/she may be arrested and charged with a new crime pursuant to VTL § 1198, a Class A misdemeanor.

Report to the monitor as directed by the Court or, if applicable, the probation officer.

Answer all reasonable inquiries by the monitor or the probation officer.

Notify the monitor/probation officer prior to any change in address vehicle ownership or access for operation.

An ignition interlock device shall be installed in the below-described vehicle(s) within 10 business days of the conditional discharge or probation sentence or release from incarceration. The vehicle(s) listed are owned or operated by the defendant. If the vehicle is not owned by the defendant, written and notarized permission for the ignition interlock installation must be completed by the vehicle's titled owner.

Where applicable, pursuant to NYS Vehicle and Traffic Law §1193(1-a) (c), the device(s) shall be installed during the period of license revocation and its termination, and for each additional period as the court may determine.

The defendant shall provide proof of installation of each device to the monitor and, if applicable, the probation department within 3 (three) business days of installation.

The defendant shall notify the monitor and, if applicable, probation officer immediately if any changes occur in vehicle(s)-related information.

The defendant will notify the court and, if applicable, probation officer immediately if he/she purchases or rents any new or additional vehicles.
